STOCK EXCHANGE

BANS "WASH SALES" New York, M. Y. Feb. 6.—The New York stock exchange has acopted a stringent resolution against "wash sales." This action followed closely the introduction in the state legislature of a bill recommending stock exchange reforms as outlined in the governor's recent message. The beaud of governors of the exchange adopted the following resolution:

"No member of the stock exchange or anybedly connected with a stock exchange firm shall give or with knowledge execute orders for the purchase or said of securities which involve no change in ownership."

Punishment for this offence aircady is set forth in the constitution of the exchange under the head of "fletitions transactions." Any violation of the rule makes a member liable to suspension for a period not exceeding one year. The rule as now adopted is broade, that it applies not only to a mem-er of the exchange, but to any one ennected with a stock exchange firm

Interest in Market Lags as Bulls Favored by Reports that Drouth Still Prevails in India.

NOTE—All Market news on this page reflects closing sale this page reflect the forenoon today. The foreign interest in the market larged and brokers gave almost as much attention to the action of the exchange governors to prevent "wash" sales as to the market liself, which was neglected much of the time. Continued weakness of copper metal abroad, and sales of copper shares for the account of foreign interests, brought about prices for the group but the effect on the general ilst was slight.

Reports of good earnings by some of the northwestern roads furnished a backing for the standard stocks. Bonds were freegular.

Harriman stocks became heavier about 1 oclock. The general market ruled aluggish and uninteresting, although several low specialties were in brisk demand. Distillers' securities
